Regarding Creation of APAAR ID Automated Permanent Academic Account Registry

Dear Parent,

As you may be aware that the Govt. of India, in its New Education Policy, has facilitated the creating of a unique 12 Digit APAAR ID for all students based on Aadhaar Card data.

The advantages of APAAR ID creation are:

- The APAAR ID is unique in nature as it provides a lifelong identifier for students to track their educational journey and achievements, from pre-primary to higher education. The APAAR ID would be helpful for students in case of transfer of their parents from one city to another or one state to another.
- This card will be distributed by schools and institutions to all students enrolled in pre-primary through higher education. The APAAR card will be issued in addition to the pupils' existing Aadhaar ID.
- Students can download their APAAR cards after completing the enrollment process. The APAAR card will contain the unique 12-digit APAAR number, which students can use to access all benefits and maintain academic data. The One Nation One Student ID card will also be connected to the children's Aadhaar card numbers. The APAAR ID is a big step towards a more coordinated and accessible academic experience for students.
- Though the APAAR ID is not mandatory, but in view of the above mentioned advantages it is highly recommended.

If you wish to create your ward's APAAR ID kindly fill in this Google Form latest by the evening of Sunday 24th November 2024.
