Circular to Parents Reg. Air Conditioning of Classes

Dear Parent,

The Managing Committee of the School in consultation with the Executive Body of the Parent Teacher Association considering the numerous requests received from parent of the School, have appreciably considered to provide Air Conditioning facility in all classes of the School for the convenience of the students and their proper nurturing and growth.

The Managing Committee as well as the Parent Teacher Association have considered the **providing Air Conditioning facilities in all the Classrooms wef 1st July 2024**, in view of the following circumstances:

- a) The climatic conditions of Delhi vary abnormally during the summer months which now extend upto October, making it difficult for the students to sit in the class without proper Air Conditioning.
- b) At present the temperatures are between 40°C and 45°C, and may increase further in following months, along with high levels of humidity, making it necessary for the School to provide a comfortable and conducive learning environment.

In view of the above, for 6 months in an academic session (April, May and July to October), an amount of Rs. 500/- per month is to be charged from each student, except students studying under the EWS/DG & CWSN Category, for providing Air Conditioning facilities in all classes of the School.

Hopefully, you will take this communication in the best interest of your ward(s) and obligate your duty as a responsible parent of the School.

Regards

Principal
